

POOL CLOSING

We are disappointed to tell you that the County of San Diego has just issued a formal statement that all pools must remain closed, and specifically named condo buildings, among others. Currently there is no similar requirement by the State or City. We are appealing this requirement to request relief from the requirement if we follow the one person or one family use process. In the meantime we must close the pool effective immediately to comply with the ruling. The BBQ will remain open to limited, restricted use of 45 minutes per Member or family that has sign up for times using Building Link.

We will let you know as soon as we know once we can get back to opening the pool.

RESTRICTED BBQ OPENING

The Board has approved use BBQ#1 under limited and restricted use. The BBQ is available for 45 minute reservations. For any use of this amenity, reservations must be made through Building Link, under amenity reservations. This amenity is for use by one resident at a time or a single household. A sanitation station has been set up at the BBQ and residents must clean and sanitize the area after each use. Any departure from the above restrictions and use BBQ area without prior reservation or violation of the sanitation requirements may result in a Class A violation and a \$1000.00 fine.
